**Where did
the custom of
Mishloach Manot
come from?**

Text from the Megilla:

**“Therefore the village Jews,
living the unwalled towns, made
the fourteenth day of the month
of Adar a great day of rejoicing
and feasting, a good day and of
sending mishlochei manot to one
another...and the month that
turned from one of sorrow to
gladness, and from mourning into
a good day, should be made into
days of feasting and rejoicing, of
sending mishlochei manot to one
another, and gifts to the poor.”**

Megillat Esther, 9:19
